

REMARKS

In reply to a request from the Examiner, Applicants amend this application in order to add a description of the figures to the specification text. Because the description of the figures merely repeats or summarizes information already present either in the figures or in the text, this amendment adds no new matter to the application and allows for immediate attention. For example, the text at page 3, lines 9-14, as well as the working examples and the figures themselves, all support the description of the figures inserted herein.

Please grant any extensions of time required to enter this Amendment and charge any required fees not found herewith or otherwise accounted for to Deposit Account No. 06-0916.

Respectfully submitted,

FINNEGAN, HENDERSON, FARABOW,
GARRETT & DUNNER, L.L.P.
